Leaf traps are designed to be used with automatic suction type pool cleaners or vacuum heads. They collect large amounts of leaves, twigs, rocks, hair pins, and other debris before reaching skimmer or pump basket. Each includes 3 ft. of flexible vacuum hose.

LEAF EATER

185 Leaf Eater
 Venturi action top skimmer or bottom cleaner. Works with garden hose and standard telepole or automatic pool cleaner hose. Collector bag slips on and off easily. Available with brushes for vinyl liner pools and wheels for ease of turning on hard bottoms.
